## Summary

Aspiring Data Analyst with a strong foundation in machine learning and deep learning, complemented by ongoing development of Power BI and Excel expertise. Published researcher in audio classification with hands-on experience in classification models and data manipulation.

## Skills

Languages	Python (NumPy, pandas, PyTorch), SQL
Tools	Power BI (learning project: regional sales dashboard), Excel (learning project), Tableau, Power Query
Machine Learning	CNNs, Random Forest, XGBoost, LightGBM, CatBoost
Data	Data cleaning & preprocessing, statistical analysis, visualization

## Projects

## Education

2021–2025 **B.Tech in Computer Science**, *University Name*, City, Country, *GPA: X.XX/4.00*

## Publications

- 2024 “Audio Classification Techniques,” IRJIET, DOI: xx.xxx/irjiet2024.
- 2025 “Indian Food Classifier,” IRJIET, DOI: xx.xxx/irjiet2025.
